The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney—poisoned blood will attack the vital organs or the kidneys themselves break down and waste away cell by cell.

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both

THE HERALD last week turned out an 80-page pamphlet, which is in some respects the most wonderful production that ever emanated from the brain of man or became the product of type, ink and paper since the invention of movable types, and should the author's theory prove practical it is destined to revolutionize the world. The title of this brochure is, "The Dynamical Philosophy of the Mind; or God's Cure for Suffering Humanity." T. J. Sullivan, of Lee City, is the author, and he claims that any person of average intelligence, after mastering the rules he lays down in his book, can cure any disease which his or her flesh may become heir to, and that, too, without the use of medicines or the medical profession. The curative agent employed is the electricity in one's own body, which he marches to the diseased part through the instrumentality of certain agents that are commanded to do certain things. In brief he demonstrates the mastery of mind over matter, and makes all parts of one's anatomy subservient to one's will whenever it becomes necessary to annihilate the ills to which flesh is heir. He has himself made so many practical tests that he says he fears no pestilence, epidemic, eruption, etc. Mr. Sullivan proposes to lecture and sell his book from the platform, and may include Hazel Green in his itinerary.

THE HERALD wants a correspondent at every postoffice in Wolfe and Morgan counties, and to every one who will send us the news each week we will send the paper free and pay postage on the news letter. The paper is now 50 cents a year, and a good club can be raised at each postoffice in the two counties. For every yearly subscription sent us we will allow 10 cents, and out of one the correspondent can take enough to pay postage for three months. We allow correspondents the 10 cents commission and pay the postage in this way as an incentive to them to increase the subscription list at their respective offices. Where a correspondent cannot create enough interest to pay the postage on this plan it would be folly for us to otherwise supply it. See if you can not get up a good club at your postoffice and then let us hear from you.

This county bids fair to be the great oil center of Kentucky, and that, too, in an incredibly short time. While there have been only two wells developed at Campton they have been such good producers that capitalists and oil men are rapidly flocking to that field, and new wells are being put down as fast as machinery can drill. On the Samp Smith farm, five miles from Campton, Mr. Beckett has a force drilling a well which will come in next week, and near the Madden well, which is right at the town, Peter J. Fox, another oil expert, is sinking one that will come in within two or three weeks. An idea of the magnitude of this oil boom may be had from the number of men and horses employed. At Charley Cecil's, just out of town, 21 men and 35 horses were fed the other day, and this only a part of the force employed by Mr. Fox, en route to Campton. Tuesday night two wagons loaded with coal, one load an unbroken coal weighing 4,000 pounds, with teamsters, etc., stayed over night, and Tuesday Mr. Fox took dinner at the Day House. And now comes the Hazel Green Oil and Gas Co., and while indubitably last it may prove not the least, as it is preparing to sink its first well. We will keep pace with its progress.

Humors Come to the Surface

In pimples and other eruptions, but don't run themselves all off that way. They mostly remain in the system—that's bad. Hood's Sarsaparilla removes them, wards off danger, makes good health sure. Take it.

Republican Convention.

The Republicans of Wolfe county are requested to meet in mass convention at the court house in the town of Campton, Saturday, July 11, 1903, at 1 o'clock p. m., for the purpose of selecting delegates to attend the State Convention at Louisville, July 15, 1903, to nominate candidates for the various state offices to be voted for in the November election, 1903.

THE DRAUGHT'S BLACK-DRAUGHT THE GREAT FAMILY MEDICINE

The Draught's Black-Draught has saved doctors' bills for more than sixty years. For the common family ailments, such as constipation, indigestion, hard colds, bowel complaints, chills and fever, biliousness, headaches and other like complaints no other medicine is necessary. It invigorates and regulates the liver, assists digestion, stimulates action of the kidneys, purifies the blood, and purges the bowels of foul accumulations. It cures liver complaint, indigestion, sour stomach, dizziness, chills, rheumatic pains, sideache, backache, kidney troubles, constipation, diarrhoea, biliousness, piles, hard colds and headache. Every draught has The Draught's Black-Draught in 25 cent packages and in mammoth size for \$1.00. Never accept a substitute. Insist on having the original made by the Chattanooga Medicine Company.

I believe The Draught's Black-Draught is the best medicine on earth. It is good for any and everything. I have a family of twelve children, and for four years I have kept them on foot and healthy with no doctor but Black-Draught. A. J. GREEN, Mewara, La.

The Way of the Transgressor.

W. T. Caskey has just returned from attending the Morgan county circuit court, where he was a witness against William Combs and his son Thomas, who were charged with house-breaking. The conviction of these two makes three of the family that Mr. Caskey has been instrumental in sending to the penitentiary for terms ranging from one to two-and-one-half years each, and the end is not yet. At the February term of the same court Jack Combs was sentenced to the penitentiary for two-and-a-half years, and at the close of the June term Bill Combs, the father, was sentenced for two years, while Tom, another son, was sent up for one year. Dick Combs and Tom Meade, the remaining two of the gang, are yet to be caught and convicted. But it will be done, for "the mills of the gods grind slow, though they grind exceeding fine."

Night Was Her Terror.

"I would cough nearly all night long," writes Mrs. Charles Applegate, of Alexandria, Ind., "and I could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but, when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds. It's absolutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and all Throat and Lung troubles. Price 50c. and \$1.00. Trial bottles free. For sale by all druggists."

A Sold Institution.

With this issue we print a special statement of the Farmers and Traders Bank, of Campton, and a careful reading of it should convince all that it is quite a healthy institution. We commend it to all who have money to deposit or loan, and bespeak for it a share of the business of the county, at any rate.

The Foundation of Health.

Nourishment is the foundation of health—strength. Kodol Dyspepsia Cure is the one great medicine that enables the stomach and digestive organs to digest, assimilate and transform all foods into the kind of blood that nourishes the nerves and feed the tissues. Kodol lays the foundation for health. Nature does the rest. Indigestion, Dyspepsia, and all disorders of the stomach and digestive organs are cured by the use of Kodol. Sold by all druggists.

They've Got a Move On.

The Hazel Green Oil and Gas Co. have contracted with an expert derrick builder, one Mr. French, who is now putting up a derrick on the Lee Caskey farm, and just as soon as it is completed they will begin drilling for oil.

SUPPORT

SCOTT'S EMULSION serves as a bridge to carry the weakened and starved system along until it can find firm support in ordinary food.

Two of Them Sick.

Taylor Ringo, who was reported as quite ill in our last issue, is said now to be better, but one of his little girls, Etta, is dangerously ill. Drs. Nickell and Bakes are giving her close attention, however, and hope to announce convalescence soon.

No Pity Shown.

"For years fate was after me continuously," writes F. A. Galledge, Verbena, Ala. "I had a terrible case of Piles causing 24 tumors. When all failed Bucklen's Arnica Salve cured me. Equally good for Burns and all aches and pains. Only 25c., at all druggists."

Gone to Hot Springs.

James B. Cecil, who has been a sufferer from inflammatory rheumatism for about four months, with but little or no relief, left yesterday for Hot Springs, Ark., where he hopes to have the disease boiled out of him.

Arrest of Bill Prater.

The news was telephoned here Monday that Dick Hamilton had that morning arrested Bill Prater, who is charged with complicity in the murder of Gordon Wells and Mat Nickell, whose bodies were found near Prater's grocery, and it is now intimated that they may have been killed in the shack and subsequently spirited to the spot where found. Chay Purcell, who is jointly charged with the crime, is still a fugitive from justice.

LATER.—Since the above was in type Prater has been released on a \$6,000 bond, Bill and Dick Linden being the security. On Tuesday evening he promised the posse which was searching for Purcell that he would have the latter in the West Liberty jail by dark this (Thursday) evening, they promising him \$50 upon delivery of Purcell to the jailer.

I have practiced medicine for 36 years and have consulted the leading physicians in this country in regard to a remedy for Dyspepsia, but have never been able to find anything that would affect a cure until I used Kodol Dyspepsia Cure. I have suffered with stomach trouble for years. Could not eat anything but milk toast for months, but since I used Kodol I can eat anything and feel that my health is better than it ever was in my life. I cannot say enough for Kodol, for it has saved my life and I know that it will cure any case of Dyspepsia if taken as directed.—M. D. Settle, M. D., Big Hill, Ky. Sold by all druggists.

Quarterly Meeting Changed.

Dear HERALD: I have changed the time of holding my quarterly meeting at Sandfield from July 25-26 to July 18-19, one week earlier. Will you be so kind as to note the change in your excellent columns and call attention to it. It will be a combined quarterly meeting of Campton and Hazel Green charges. We are desirous of a good attendance, as it is the last quarterly meeting for the year.

C. F. ONEY, P. E.

Brutally Tortured.

A case came to light that for persistent and unmerciful torture has never been equaled. Joe Golobrick, of Colusa, California, writes: "For 15 years I endured insufferable pain from Rheumatism and nothing relieved me though I tried everything known. I came across Electric Bitters, and it's the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me." Just as good for Liver and Kidney troubles and general debility. Only 50c. Satisfaction guaranteed by all druggists.

On the Coast of California.

Roy Neal left here Monday for Riverside, California, where he will meet his mother and spend a few days, after which mother and son will go to Los Angeles, and remain on the coast until September, when he will return to school at Kentucky University and resume his studies. Mrs. Neal is teaching in California, where she has a nice situation.

Catarrh of the Stomach.

When the stomach is overloaded; when food is taken into it that fails to digest, it decays and inflames the mucous membrane, exposing the nerves and causes the glands to secrete mucus, instead of the natural juices of digestion. This is called Catarrh of the Stomach. For years I suffered with Catarrh of the Stomach, caused by indigestion. Doctors and medicines failed to benefit me until I used Kodol Dyspepsia Cure.—J. R. Rhea, Coppell, Tex. Sold by all druggists.

Best in the State.

The Elk's Fair, to be held at Lexington August 10 to 15, inclusive, is advertised in this paper. For the past two or three years the Elks have given more amusement features than any fair ever held in the state, each succeeding year being better than the previous one, and this year it will be better than ever before.

Working Night and Day.

The busiest and mightiest little thing that ever was made is Dr. King's New Life Pills. These pills change weakness into strength, listlessness into energy, brain-fog into mental power. They're wonderful in building up the health. Only 25c. per box. For sale by all druggists.

CAMPTON COURIER.

BENJ. SEWELL, Editor. Vol. I. No. 30

The people of this vicinity were blessed with a fine rain Sunday.

County court convened here on Monday. Several people were in attendance.

Commonwealth's Attorney Byrd is attending the Lee County circuit court this week.

Another Fourth of July has come and gone. It is hoped the people have been sprinkled and baptized anew with the spirit of patriotism and Americanism.

John H. Morgan & Co. are erecting a derrick near here, on the C. C. Williams farm, and will go to drilling in a very short time. The oil business is opening up in earnest.

A. B. Cox, of Boxer, was here the latter part of last week to "straighten up the fence and stop hog holes" on the farm of Z. T. Hurst, where he intends to locate if—if—if

Effie Elkins, Lula Elkins, Sam Elkins, Taylor Sewell and Thomas Sewell, of Holly, visited in and around Campton the latter part of last week. They also took in the Fourth at Natural Bridge.

T. M. Beckett is now drilling a well for a Michigan company on the Samp. B. Smith farm, which is about five miles southwest of Campton. This well will be completed by the last of next week if they have no ill luck. If it is a good producer watch out for excitement and greater interest in our oil field.

Our sidewalks and so-called bridges are in a deplorable condition. A majority of our town trustees are Democratic, and we fail to understand why they lag so far behind the push-up of progress. Our bridges are in a terrible muck, unsafe to fly over them, much less walk. Gentlemen, bestir yourselves. Campton is not ready to die, and must not give up in despair.

On last Saturday Campton turned out in full force and hied away to the Natural Bridge, where they celebrated the Fourth 'mid the shrieks and yells of drunken desperadoes and the deep roar of forty-fours. Miss Pearl Taulbee received a flesh wound in the leg as a result of the reckless, aimless shooting on the part of some good-for-the-penitentiary scoundrel, the identity of whom is unknown to this deponent.

S. G. Drushel, cashier of the Farmers and Traders Bank, of this place, is to get married on the 8th instant to Miss Hattie Halsey, of near Cincinnati. Probably we will have more to say of the affair next week. Meanwhile we wish to extend hearty congratulations and express the wish that their journey along the imperial highway of life will be strewn with flowers of love, joy and happiness all along through storm and sunshine alike. We welcome them to our city, and hope their stay here will be long and prosperous.

Notice.—On Saturday, July 11, 1903, at my office in Campton, Ky., I will hold a competitive examination for appointees to the State College of Kentucky, for either a collegiate or normal course. Persons receiving these appointments will have an annual saving of \$78.

JOHN W. FAULBEE,
County Supt. Schools.

'Twas Without Name.

We are in receipt of a newsy and otherwise very interesting letter from Rogers postoffice, this county, and regret very much that we can not publish it. But as there is no name signed to it we are forced to omit it because we have no means of ascertaining its authenticity. If the party who wrote it will write again and sign their name, we shall be glad to publish.

Death of Little Earl.

Little Earl Ringo, whose illness was reported in a recent issue of our paper, died Wednesday night, a week since, and was buried the following day. He was conscious and cheerful to the very last, and peacefully passed through the portals of paradise, where he is now enjoying that peace only found in a life purified by the Savior's presence.

Coming Home to Rest.

Mrs. Rilda Day left today week for a visit to relatives at Camargo and Bethel, and from the latter place brought her son Robert, who recently returned from Midland, Texas. They arrived here yesterday evening and Bob will rest and recreate for an indefinite time, his health absolutely demanding a change of climate.

Just About Bedtime

Take a Little Early Riser—it will cure constipation, biliousness and liver troubles. DeWitt's Little Early risers are different from other pills. They do not gripe and break down the mucous membranes of the stomach, liver and bowels, but cure by gently arousing the secretions and giving strength to these organs. Sold by all druggists.

The Fourth at Natural Bridge.

Curtis and Willie Quicksall, Jim Lacy, Robert Brooks and Jim Trimble with Hilt Dean, of Campton, celebrated the Fourth of July at Natural Bridge, and report a lively time. They returned home Sunday, accompanied by Mary Pieratt, who was visiting her grand father, S. S. Combs and family.

Born, to the wife of George Rice, June 27th, a fine girl baby. And Uncle George says that since her advent was not sooner announced, we might add for him that she is so pretty that should she attain to sweet sixteen all the boys around will be asking him for her.

Slim Chance for McCarthy.

"I understand the doctor has just been to see your husband, Mrs. McCarthy," said Mr. McCarthy's employer. "Has he made a diagnosis?"

"For a moment Mrs. McCarthy was submerged in a sea of doubt, but she rose triumphant."

"No, sorr," she said, confidently, "he left it to me, him saying I was well able to do it, sorr. It's to be made wid linseed on a shout maslin, sorr."—Youth's Companion.

Her Martyrdom.

Sylvia—I'm surprised to hear that Isabel married young Dashington after declaring that he wasn't good enough for her.

Phyllis—Yes, but later she declared that he was too good for any other girl, so she married him out of sheer sympathy.—Chicago Daily News.

WRITING YOUR CHECK FOR \$1000

MANY a poor sufferer who has lost all appetite, and is wrecked by the evils of Dyspepsia, would gladly—eagerly—"Write a check for \$1000," if a good substantial meal could be eaten and enjoyed. Lost appetite and indigestion are directly due to inactivity of the liver. If the liver does not work properly—does not secrete sufficient bile, the digestive organs are thrown out of order, and the entire system is upset.

PLANTERS NUBIAN TEA, nature's greatest remedy for Dyspepsia, tones and assists the liver in performing its important work. Regulates the secretions necessary to digestion, removes that sense of fullness after eating, gnawing at the pit of the stomach, and relieves and permanently cures to stay cured—all symptoms of Indigestion and Dyspepsia. Gives a new lease on life and health—restoring strength and vigor to every organ. For sale by all druggists, or sent by us, post paid, 25c. a package, 5 packages \$1.00. Sample and booklet free to any address.
